

Woodruff Middle School: Dedicated Teachers and Engaged Students

Woodruff Middle School teachers, literacy coach, media specialist, and administrators collaborated throughout the spring and summer to review lessons and update curriculum guides. Their hard work and dedication are resulting in more purposeful instruction and higher levels of student engagement.

Teachers meet frequently to reflect on lessons, analyze student progress, and adjust plans as necessary. There is a concentrated focus on standards-based instruction with lessons that provide opportunities to develop creativity, critical thinking, and problem solving skills. Classroom observations confirm that students are more engaged in lessons, as they assume ownership for their learning. WMS students are developing 21st century skills that will serve them well in their future careers.
